

The Frontenac Heritage Foundation
announces the publication of

“MARGARET ANGUS A Tribute”

edited by Jennifer McKendry & Brian S. Osborne.

The Directors of the Frontenac Heritage Foundation take great pride in publishing this book of tributes to Dr Margaret Angus (1908-2008), one of the founders of the Foundation, author of the Old Stones of Kingston and a pre-eminent heritage advocate in the Kingston

area. It is appropriate for current and future generations of heritage enthusiasts to know of the enormous contribution she made to the recording and understanding of Kingston’s lengthy history and its architectural legacy. The publication of these fifteen essays assists in this regard. ~ Andrew Hill, President
